

VIDEO LOTTERY

UPGRADE TODAY!

Version DX20 software is available on the FTP server. This software will allow your machines to perform better than ever! Please contact Ron Leidholt with any questions at Ron.leidholt@state.sd.us.

Benefits of DX20 Software

Many of the fixes highlighted below should keep GMs from going down and reduce the number of NRTs.

- 1) Cleaned up some communications problems in the verification process.
- 2) Added some error handling code to handle lost packet errors from D Protocol VLTs.
- 3) Enhanced SAS serial # verification process.
- 4) Fixed a USB Modem drop problem.
- 5) Fixed suspension of VLT for bad voucher serial #
- 6) Added code to handle dropped master reset date during board change process.
- 7) Fixed a DX/VLT sound disable problem.

Software Testing Update

- Grand Vision and Harms Vending are currently in Beta test out in the field.
- IGT has software testing in the lab.

Place Your Order Before They're All Gone!

Planning a promotion or prize giveaways for your customers? Looking to generally market your establishment on a consistent basis? The Lottery can help with a variety of items available at no charge. Can koozies are available in limited supplies for use as promotional giveaways. Bar coasters are now available to consistently promote the availability of video lottery machines in your business. While our t-shirt inventory is currently depleted, another supply has been ordered. Once they arrive, waiting orders will be filled before new t-shirt orders will be accepted.

To order these items, [click here](#) to download the electronic fill-in-able order form (a copy is also attached for your convenience). Fill in the appropriate

CURRENTLY OPERATING

August 1, 2014

The following licensed manufacturers have approved hardware and software in the market

- IGT
- Spielo
- Grand Vision Gaming
- Scientific Games International
